

## Course Selection Instructions for Students

Course selections for the next school year are completed by students on-line in NetClassroom. Each grade level will have a designated time frame to perform course selections input. Students are responsible for reviewing the course catalog and choosing the appropriate courses and then entering this information into NetClassroom. Students also need to know their course level recommendations (AP, Honors or CP) prior to entering their course selections. Recommendations will be available to students in NetClassroom at the start of their course selection period. The timetable is as follows:

Junior Recommendations Available in NetClassroom on January 18 - 8:00 am

**Course selection by students on line in NETCLASSROOM – January 18 – January 23**

Sophomore Recommendations Available in NetClassroom on January 18 - 8:00 am

**Course selection by students on line in NETCLASSROOM - January 18 – January 23**

Freshman Recommendations Available in NetClassroom on February 15 - 8:00 am

**Course selection by students on line in NETCLASSROOM – February 15 – February 22**

When selecting your courses for the next school year, please keep the following in mind:

- The 2019-2020 MSMA Course Catalog is located on the Moodle Home Page
- Depending on your grade level, you may not have to select one course from every department.
  - For example, a world language is not required every year.
- This is just the first step in building your schedule for next year. Many other factors influence your final schedule and they will be discussed with you when you meet with your Guidance Counselor to go over your online selections.

**An OVERVIEW of the Course Selection process is as follows: (detailed steps start on page 3)**

1. Students review the Course Catalog for the next school year.
2. Students log into NetClassroom at their specified time and review the Course Recommendations made by their teachers.
  - a. Any recommendation questions should be **directed to your teacher at this time.**
3. Students make their initial course selections online and submit them via NetClassroom.
  - a. After student selection period has expired, students can no longer make changes online to their course selections.
4. Students meet with their Guidance Counselor to discuss their course selections.
5. Based upon your guidance meeting, the Guidance Counselor will make any necessary adjustments to the course selections and then grant APPROVAL to the course selections.
6. Parents review their daughter's course selections and mark them APPROVED in NetClassroom
  - a. Separate instructions will be sent to parents closer to the time this step is applicable.
  - b. Parents must do this using their own NetClassroom id, not their daughter's id
  - c. Parents do not have the ability to change course selections, they may only Approve or Disapprove the course selection.
7. Any changes a student wants to make to her course selections after this point **MUST BE** made through her Guidance Counselor.
8. During the late Spring and early Summer, course schedules are built and modifications may be necessary to a student's course selections based upon a number of different factors.

## HOW TO - CHECK YOUR COURSE RECOMMENDATIONS

1. To see your recommendations, you must open each course for which a recommendation is applicable. Most recommendations will be listed under the category of HOMEWORK with an assignment name of REC, a description of Recommendation for Next Year and a grade of X for exempt assignment.
  - a. Be sure to click the EXPAND ALL button on the upper right hand side
  - b. If your teachers do not have a category of Homework, they will tell your class what category the recommendation is listed under.
  - c. Codes displayed will either be AP for Advanced Placement, H for Honors or CP for College Prep.

## HOW TO - COMPLETE COURSE SELECTIONS IN NETCLASSROOM

1. Log into NetClassroom with your student id and password.
2. Select the REGISTRATION tab across the top and then click the drop down that says Enter Requests

The screenshot shows the NetClassroom interface for Mount Saint Mary Academy. At the top, there is a navigation bar with tabs: Home, Jermaine's classes, Jermaine's grades, Registration, Conduct, and My settings. A dropdown menu is open under 'Registration', showing 'Enter requests' and 'Jermaine's schedule'. Below the navigation bar, there is a sidebar with options like 'View', 'Register for classes', and 'Announcements'. The main content area displays 'Welcome Jermaine!', 'Latest averages, QUARTER 1' with a table of course averages, 'Latest graded student work for this week' (no grades available), and '2012-2013, SEMESTER SESSION Jermaine's Schedule' with a table of class times. There is also an 'Additional links' section.

Course	Average
045-CH HIST - 1, CHURCH HISTORY	88.0000
123-WRITING - 1, WRITING	94.0000
410-BAS BIO - 1, BASIC BIOLOGY	91.0000

Date	Class	Time

	123-WRITING - 1, WRITING	P6, 11:00 AM - 11:40 AM

3. The first time you enter the REGISTRATION SCREEN, there will be no course requests listed.
4. Click the EDIT REQUEST button

The screenshot shows the 'Registration for 2013-2014, SEMESTER SESSION' screen. It displays 'Number of Requests needed: 13' and an 'Edit Requests' button with an arrow pointing to it. Below the button is a table with three columns: 'Main Request', 'Alternate', and 'Faculty Approved?'. The table is currently empty.
